

Grab your target audience with bespoke TV programming

ICIS TV offers you a professional and high quality audio visual platform that is a proven successful branding vehicle and route to market.

Working with you and your team, we will look to maximise every opportunity to utilise the technology and expertise of ICIS TV. A full pre-event briefing will take place to ensure that your needs and objectives are discussed, agreed and achieved.

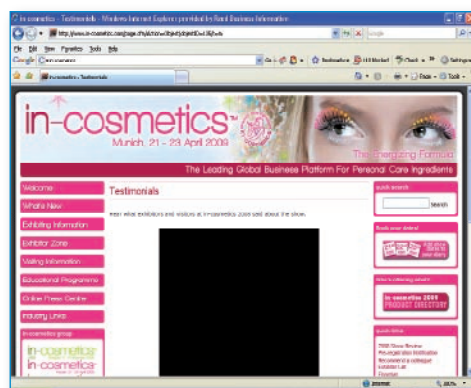

Using our knowledge and experience of the global chemical market, we will work with you to produce a powerful multi media production for your staff, your customers and future business partners.

Models

Corporate TV and films

We can produce and provide you with a high quality corporate film to aid your branding campaign in existing and future markets.

Exhibitions and Conferences

Use our professional services for powerful pre and post event marketing, as well as high quality coverage of the event.
