

Online sponsorship

Align your brand with the cutting edge of green thinking and sustainable development

Current online sponsorship opportunity

The EG Green Awards

The EG Green Awards are designed to highlight and reward excellence in sustainable development and environmental awareness. In the spirit of sustainability this unique event takes a new approach meaning the entire awards process is online with entries, judging and results posted on the website to minimise our carbon footprint.

Why be part of The EG Green Awards?

With over 100 entries and nearly a thousand people voting online in 2008, The EG Green Awards has become the definitive property event offering market recognition for sustainable development. Chair of the EG Green Awards judging panel Rt Hon John Gummer MP has called the sustainable issue 'the greatest challenge facing business this century,' and the awards are a vehicle intended to promote best practise and thought leadership in this complicated field.

What's included in the sponsorship package?
